

30 Years of Strength, Reliability and Innovation

COMPANY PROFILE

Building a legacy of excellence in heavy transport and lifting solutions

Message from the Managing Director

It is an honor for me to introduce Miles Trucking & Heavy Equipment Services, a company that since 1994 has been synonymous with commitment, efficiency and quality in transportation and heavy machinery operations.

For the past **30 years**, we have had the privilege of supporting our clients in major industrial, construction, energy and maritime projects — always providing safe, innovative and customized solutions. Our global experience and the professionalism of our team have allowed us to build lasting relationships based on trust, proven results and exceptional service.

As we proudly celebrate our **30th anniversary**, we reaffirm our purpose to continue moving forward with the same passion that has guided us from the beginning: to drive our clients' growth through operational excellence, technology and continuous improvement.

In the following pages, you will find a deeper look into who we are, our history, the services we provide and the international reach we have achieved through the dedication of our entire team.

Sincerely,
Miles Maynard
Managing Director

The Company

IN ECHARS I

About Us

Founded in 1994 in Curaçao, Miles Trucking & Heavy Equipment Services specializes in heavy load transport and lifting operations. Throughout our 30-year history, our work has reached different parts of the world, earning us international recognition for excellence, reliability and professionalism.

Our team is composed of highly skilled specialists in heavy machinery operations, dedicated to delivering innovative solutions that enhance our clients' operations and maximize their business potential.

We help companies embrace cutting-edge technologies, reduce costs and optimize their resources and processes for greater efficiency and competitiveness.

Experience and Expansion

Over the past three decades, Miles Trucking & Heavy Equipment Services has continually evolved, adapting to the changing demands of the market and our clients. With a modern fleet and a highly trained workforce, we have become a benchmark in the heavy transport and lifting sector—recognized for efficiency, safety and personalized service.

During the last 20 years, we have proudly served as a main contractor for Refineria Isla B.V., Curação Dry-Dock Company N.V., Aqualectra N.V., CRU B.V. and many other organizations.

To support our continued growth and strengthen relationships with clients, we have established offices in **Bonaire, Aruba, St. Maarten and Mexico**, ensuring a solid presence throughout the region.

Commitment to Quality and Safety

Quality and safety have always been at the heart of our operations.

We implement rigorous safety protocols to ensure the wellbeing of our team, our clients and the integrity of every project we undertake.

Ongoing training is a top priority—empowering our personnel to perform with the highest levels of professionalism, efficiency and safety.

This unwavering focus has allowed us to maintain strict compliance with industry standards and build long-term trust with every partner.

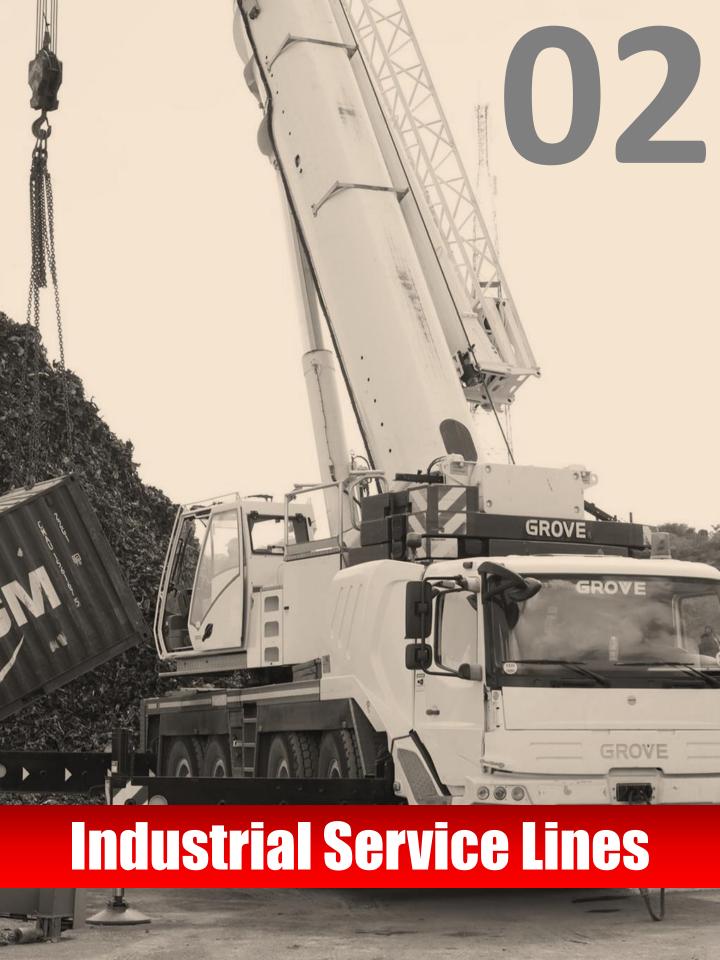

30th Anniversary – A Milestone of Excellence

In **2024**, **Miles Trucking & Heavy Equipment Services** proudly celebrated its **30th anniversary**, marking three decades of dedication, excellence and continuous growth in the transportation and heavy machinery industry.

Since our founding, we have remained committed to providing reliable and efficient solutions—earning the trust of our clients and partners through professionalism, innovation and service quality.

This milestone is not only a celebration of our past achievements, but also a reflection of our ongoing mission, which is nothing less than to drive progress, embrace technology and remain a trusted strategic partner for the industrial, oil, construction and infrastructure sectors worldwide.

TRUCKING AND HEAVY EQUIPMENT

The services consist of rental and lease of the following equipment:

- Hydraulic Cranes with lifting capacities between 8 and 300 ton.
- Trucks in combination with trailers / low boys.
- Crane Trucks.
- High Reaches (Man Lift).
- Forklift Trucks.
- Air Compressors with capacities between 185 CFM and 900 CFM.
- Module Trailer (For Special Super Lift Transport).
- And More.

CONTAINERS FOR RENT / SALE

- We provide high-quality new and refurbished steel and refrigerated containers for sale.
- We rent containers for a range of purposes and can arrange prompt, hassle-free delivery and collection.
- The company has 20' and 40' containers of different types, such as standard, high cube, open top, bulk, flat rack and reefer.
- Call us to tell you if we have availability of what you require.

ENERGY

Miles Trucking & Heavy Equipment Services provides specialized solutions for the wind energy sector, including the transport, installation and maintenance of wind turbines.

Our team ensures safe, efficient and precise operations, helping clients optimize performance and resources in every project.

GENERAL CONTRACTORS

Miles Trucking & Heavy Equipment Services provides comprehensive contracting solutions for industrial, construction and infrastructure projects.

Willing to provide solutions to all our clients and committed to the community, we have collaborated on the construction and remodeling of buildings such as McDonald's, Burger King and Rothumhuys.

Our team ensures efficient, safe and high-quality operations, managing projects from planning to execution to meet client objectives.

INDUSTRIAL PROJECTS

We are at the forefront in the execution of industrial projects, including construction and maintenance of storage tanks, pipelines, jetties, water desalination plants, plant shutdowns and demolitions.

Our team ensures efficient, safe and high-quality operations across every phase of each project, delivering reliable results and meeting client expectations.

INFRASTRUCTURE

We execute **civil works**, including the construction and remodeling of buildings, foundation work, soil movement, road rehabilitation, paving, sewage and sanitation systems, installation of potable water pipes and metallic structures for industrial plants.

We provide detailed engineering, project planning, cost management, execution programs, supervision and auditing, ensuring that every project is delivered on time, within budget and according to the highest standards.

Looking Ahead to 2026

Looking Ahead to 2026

The year 2025 has presented significant challenges for many industries around the world and our company has not been an exception. Despite the difficulties, **Miles Trucking & Heavy Equipment Services** has remained strong — committed to its values, its people and its clients.

As we move toward 2026, our vision is to continue growing sustainably, expanding our reach to new markets, and investing in technology and innovation. We are determined to strengthen our operations, enhance efficiency and continue offering reliable solutions that drive progress for our clients and the communities we serve.

The future represents new opportunities and we are ready to face them with the same dedication, resilience, and excellence that have defined our 30 years of history.
